FRENCH FLOTSAM.

France spends 35 per cent of her resources on military preparations.

In Paris there are several streets which have been two years or more without names owing to the negligence of the authorities.

The French government has promised to raise the salaries of the 7,000 women who are employed in the telegraph and telephone service. Their average income is \$280 a year. They ask for an average of at least \$340.

Few of the French colonies are self supporting. The burden of administering their affairs has been constantly increasing. The cost of the colonies has grown from \$5,000,000 in 1870 to \$23,400,000 in 1903. The greater part of this expenditure, \$14,000,000, was for military.

Swiss Guard For Serbian King.
King Peter of Serbia does not feel that he is in security at the house (royal palace) and intends to establish a Swiss guard on the model of that existing in France at the time of the French revolution, says the Vienna correspondent of the New York World. This project is criticized by the inhabitants of Belgrade, but as a measure of precaution it appears to be justified. Unfattering rumors circulate on the conduct of the army. The officers of the school of war have had some secret meetings lately, and General Lazarevitch, the most popular chief of the army, is said to be on the eve of making a pronouncement.

The good deeds of Doan's Kidney Pills.

Are spreading o'er the city. Lifting burdens from aching backs. Curing the pains of Kidney ills. Head the proof in a Barre man's words.

Joseph Barnier, stone cutter, Graniteville, says: "I do not want the residents of Barre or anywhere this paper circulates to think that Doan's Kidney Pills sold at E. A. Drown's drug store, absolutely cured me of kidney complaint, but I want them to thoroughly understand that in all my experience with medicine and prescriptions said to cure disordered kidneys, I never received anything like the assistance I obtained from Doan's Kidney Pills. I tried so many different remedies and obtained so little success that it was only after they were strongly recommended to me by a friend who had been cured of a similar case to me that I commenced the treatment. My back grew stronger, my general health better, and unless I brought any exertion on the muscles of the loins I did not feel the continual lameness and aching. This, to a man who has given up all expectations of ever being helped by the use of medicine, is of considerable value and greatly appreciated."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
